COMPANY OVERVIEW

Matrix Industrial Corporation (MIC) by Balaji Group is a name synonymous to quality and longevity. Having an experience in importing and distribution of power tools and accessories in several brands from the longest of time, Matrix has not only become a brand name but has also been consistent with the quality.

Through our wide range of products which we keep increasing with each passing day looking at our customer's need, we have not only made sure that our presence in the market is increased but we also make sure that our major stakeholders, our dealer network, also benefits and grows in the process.

We at Matrix welcome everyone to be a part of this big family and also appreciate any suggestions to help us improve and serve you better.
